8.5.1.6 National WS Performance Flying Team Champion: 1 st, 2nd, and 3rd place, ~~including alternate competitors.~~

Wingsuit performance is a competition between individuals.

a NAC with 3 competitors has an advantage on those with less competitors, by the ability to form a team, of 3 individuals.

According to the rules, a NAC with 4 competitors has a bigger advantage, as they can have an alternate, in case one of the 3 can not finish all rounds.

**AE event – teams of 2 or 3 flyers, can not have an alternat, unlike in FS teams.
if a team member can not skydive for any reason, the whole team quit the competition.**

In Wingsuit, a third flyer quitting, does not effect the other 2 flyers ability to compete.

1. Why an individual performance needs to have an alternate?
2. Why give some NACS such a huge advantage over others?
