In addition to providing for SC S5, the purpose of the ISC Library includes maintaining a thorough archive of past competitions, as well as maintaining a complete resource for ISC judge training courses.

2022 Status:

1) On September 17, 2020, it was announced on the FAI web site (at the below URL) that FAI/ISC judges may receive free access to the ISC Library. This allows FAI/ISC judges to refresh their judging skills during the COVID-19 pandemic. This program has been in place for 2021 and 2022 as well.

Important! Course instructors need request materials more than 4 weeks before their course so materials may be provided on time! These files are large. Even though recent competitions can now be made available via internet download (with lower resolution videos), a strong internet connection is required for a course instructor to be able to download competitions in a timely manner.

5) FAI/ISC USB 3.0 "shuttle" hard drives:

There are currently four (4) "shuttle" drives:

- one (1) 2 TB HD
- two (2) 1 TB HD, and
- one (1) 500 GB HD

2022 ISC Judge Video Librarian Expenses:

109.00 EUROS - April 2022 - 5TB hard drive*

29.95 EUROS - May 2022 - ship 5TB hard drive to ISC Librarian in USA with 2022 Charleroi data

120.00 USD - March 13, 2022 - One-year WeTransfer

\$10.00 USD - September 14, 2022 (Postage) - reimburse Jami Pillasch for return shipping of FAI/ISC "shuttle" hard drive with 2022 WPC (Eloy) data.

*This 5TB hard drive will become the new master collection that Zeljko Tanaskovic is keeping and his 3TB hard drive will become an ISC "shuttle" drive in 2023.

Discussion Points for 2022:

There are some discussion points still outstanding from previous years' ISC Judge Video Librarian Reports, including:

- 1) inclusion of music in the videos for those indoor routines performed to music, and
- 2) archive of Competition and Performance records. Currently, the ISC Library still does not have any media or documentation of Competition and Performance records.

Conclusion

Competition videos, data and pertinent documents are essential for developing judge skills and improving scoring systems as well as for competitors and future competitors to develop their skills. These materials are "reliably" available through the ISC Judge Video Library. And we want to preserve history.

I thank you for your time to read my report.
